**A**rtist Hector Hernandez worked with students from Merlo Station High School to create Beaverton's first mural, which was dedicated on Monday, September 21. The bright colors, blooming flowers and children depicted in the mural reflect the students' hope for the future. The mural is located at the intersection of SW Farmington and SW Watson, one block down from Gina Wilson's mural.

The public art mural program is a city-wide program administered by the Beaverton Arts Commission (BAC) as part of its Public Art Program. Please visit [www.beavertonarts.org](http://www.beavertonarts.org) or call 503.526.2288 for more information.
